$\qquad$

## Box - Whisker Plot - Medium

## Problem 1:

Draw box and whisker for the given data:
$23,10,13,30,26,8,25,18$
Work Space:

First Quartile =
Second Quartile or Median =
Third Quartile = Range $=$

## Problem 2:

Draw box and whisker for the given data:
$35,60,20,80,95,15,40,85,75$
Work Space:

First Quartile =
Second Quartile or Median =
Third Quartile = Range $=$

$\qquad$

## Answers:

## Problem 1:

Draw box and whisker for the given data:
$23,10,13,30,26,8,25,18$
First Quartile $=11.5$
Second Quartile or Median = 20.5
Third Quartile $=25.5$
Range $=22$

## Problem 2:

Draw box and whisker for the given data:
$35,60,20,80,95,15,40,85,75$
First Quartile $=27.5$
Second Quartile or Median $=60$
Third Quartile $=82.5$
Range $=80$
